

AKSIALVIFTER AC

FC1

Viftekabel med plugg 1m

- AC vifter med plugg
- Fingerbeskyttelse i plast eller metall
- Aksial

PRODUKTBESKRIVELSE

Politelige aksialvifter for AC. Disse benyttes normalt til elektronikk kjøling og for å oppnå optimalt klima i tavler/skap. Temperaturen senkes ved at man trekker inn kald luft utenfra i bunn av skapet og driver ut varm luft i toppen av skapet. Andre bruksområder er f.eks til solarium.

AC viftene har plugg. Kabel med passende plugg finnes som tilbehør.

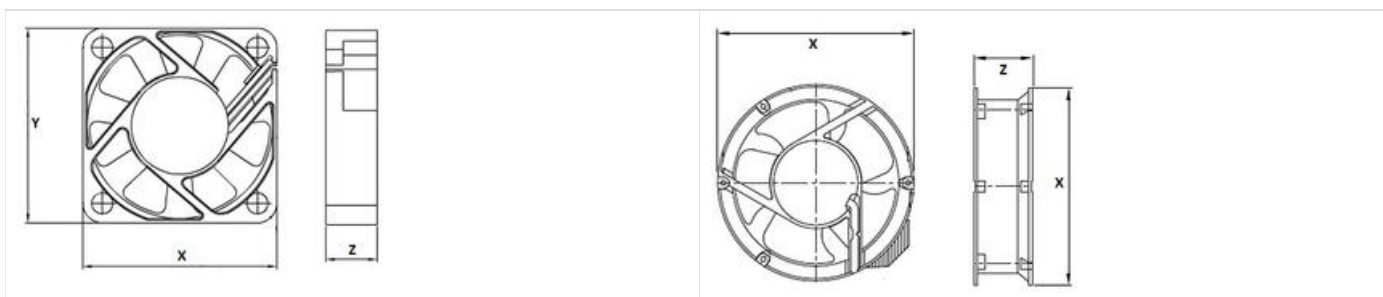

Av tilbehør finnes det fingerbeskyttelse i plast, metall og tilhørende kabler.

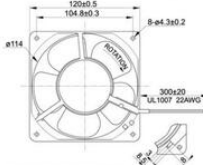

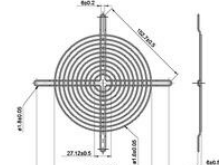

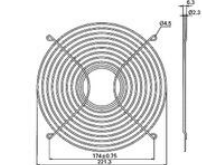

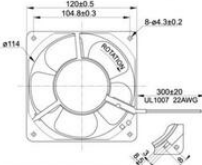

Disse varene har normal ca 1 ukes leveringstid.

AC vifter / Bestillingsnummer

Bestillingsnummer	Spenning	Mål (X, Y, Z)	Effekt	Friblåsende
UF80B23BWL	230 V	80x80x25 mm, kabel	16 W	0,40 m ³ /min
