

KABELSTRØMPE

J9/1

Trekkestrømpe, Ø6-9 mm

- Enkel løkke
- For Ø4-31 mm
- Galvanisert stål
- Ta kontakt for andre varianter

PRODUKTBESKRIVELSE

Trekkestrømpe for kabeltrekk med en(1) løkke, laget av galvanisert metalltråd. Alle trekkestrømper fra Vetter er håndlagde, og har høy fleksibilitet. De tilpasser seg lett ved enhver forskjell i kabeldiameter og er derfor meget enkle å håndtere.

- L1 = lengdene uten kabler i. L2 = total lengde inkludert løkkene.
- Den virkelige lengden montert på kabelen kan være mye kortere, avhengig av kabeldiameteren.
- Looper uten fingerbøl / hylse
- B = løkkens indre diameter
- D = løkkens tykkelse
- kN = minste bruddbelastning

Ta kontakt med oss for andre typer strømper, eller eventuelt annet tilbehør.

TEKNISKE DATA

Average Tensile Strength	3,3
Kabeldiameter	6-9 mm
Vekt	0,01

Shaft (steel roller bearings - 1772 Nirox)
