

WORK LIGHT

MODEL

1808SF2800-01C

PRODUCT DESCRIPTION

With IP67 as the lowest rating and a temperature range between -40 to +80 °C, our range of work lighting works in both indoor and outdoor environments. The work lighting is available with both directional spotlight and wide beam. Of course, we have equipped some of our work lighting with DT connectors for compatibility with work vehicles such as trucks, forest machines, wheel loaders, forklifts and SUVs, etc.

TECHNICAL DATA

Work lighting 4 LED's with flood beam

Width	60 mm
Power max	20 W
Height	135 mm
IP-classification	IP67
Bulb	Cree
Flood beam	
Lumen strength	2800 lm
Length	108 mm
AC / DC supply voltage	max 32 V
AC / DC supply voltage	min 9 V
Voltage	9-32 V
Contact	Cable with DT-contact
